ABOUT GURU NANAK INSTITUTIONS

GNITC is one of the premier institutions in the country, spread over 67 acres of prime land developed into gateway of knowledge and inspiration. The Institution offers graduate and post graduate programs over 7 discipline of Engineering, Management, Computer Application and Pharmacy(2 UG and 4 PG Programmes). Around 8000 students from all over the country and more than 100 international students from various countries are part of academics. 400 plus strong team of faculty members are imparting academics through research and innovation. The infrastructure includes separate building for every department, residential accommodation for 1000 boys/ girls and 25 teaching fraternity. The ambience of campus is serene and pristine. The academic blocks are inter spaced with vast green patches of lawns giving soothing and rejuvenating atmosphere.

The institution aims at inculcating technological competence, research capabilities, managerial skills and exemplary professional conduct through strong global academics, discipline, moral and ethical values in our students. Students are executing their project through the research centres of Solar Power Application, Non Destructive Evaluation, Software Research Development, Robotics & Industrial Automation, Machine Vision and Entrepreneurship Incubation.

ABOUT THE EVENT

Guru Nanak Institutions is organizing a National Level Student Technical Challenge in Paper Presentation, Project Presentation & Poster Presentation (TECHNOFEST) from 2001. GNI is organising Technofest for the past 13 years. Also several workshops, technical and hobby related events will be conducted along with this event. Students from engineering streams viz., ECE, EEE, CSE, IT, ME, CIVIL, AERO & PHARMACY branches are invited to submit entries to the respective Department Conveners in the prescribed registration format. The group has been spreading the light of education in the lives of thousands of students.

TECHNOFEST -2015 will be a sound platform for the students to exhibit their technical expertise, innovative imaginations coupled with executing capabilities. Contests will promote team work, co-ordination and zeal of R & D aptitude along with application skills which is inherent to the Engineering curricula. Around 2,000 students participate in this annual event.
